POLITE BUT DRASIC.

These two stipulations, contained in a naval personnel bill introduced to day by Senator Hale, constitute the most polite and drastic criticism which has recently been administered by a Republican legislator to President Roosevelt.

A strict interpretation of the two clauses means that Senator Hale, chairman of the Committee on Naval Affairs, and practically floor leader of his party in the Senate, disapproves of the President's course in designating Surgeon Stokes to command the hospital ship Relief, thereby leading to an open break with Adm. Brownson, who is now in command, but Brownson should be in charge of naval vessels. It also means that the multiplication of boards in the Navy Department by executive order and without authority from Congress is regarded with severe disfavor.

TO INVESTIGATE CRITICISMS.

The fact of far greater importance was also developed that there will be an investigation by the Naval Affairs Committee on all the criticisms which have appeared during the past few months asserting that the new navy is unfit for actual warfare.

The fact was made clearly apparent that all parts of the friction between President Roosevelt and Admiral Brownson over the appointment of his officer to perform a service that is usually given a line officer will be taken up and considered.

Mr. Hale said he could not tell whether the committee would go into the scandals and criticisms of the navy.

The committee must decide that for itself," he said. "If it is necessary there should be a complete and full investigation.

TO SOLVE PROBLEMS.

The bill proposes a settlement of the vexatious question as to whether the members of the staff corps shall have rank with the line officers, puts an end to the creation of bureaus by the Secretary of the Navy, and gives the Secretary of the Navy and the Marine Corps.

There is an important section relating to the appointment of midshipmen in the line and staff corps and also a provision calling for the retirement of officers of certain age.

The first section of the bill deals with the bureau question by granting authority to bureaus in existence to continue to transact business assigned to them and requiring that all rights and responsibilities shall be made directly to the Secretary of the Navy. There is then added the provision that "no permanent board of any kind shall be hereafter appointed by the Navy Department or continued in operation unless expressly provided by law, but from time to time the Secretary of the Navy may convene boards for temporary service connected with the pending business of the department."

CANNOT COMMAND VESSELS.

That part of the bill which relates to the assignment of line rank officers to the various divisions of the staff corps contends that they shall in no instance receive command of any vessel. It is as follows:

"The officers in the various staff corps of the navy shall hereafter have as much rank and title as now established for the staff corps of the army. Such officers of the staff corps of the navy shall at all times have the title and designation of their rank, and new commissions in accordance therewith shall be forthwith issued to them; provided that this provision shall in no case carry with it command over any vessel of the Navy Department; but such command shall be exercised only by line officers."

AS TO MIDDLIES.

A section of the bill deals with the appointment of midshipmen to positions in the line and staff, and it reads as follows:

"To the midshipmen who successfully complete the six years' course at the Naval Academy, appointment shall be made as may be necessary and in the order of merit as graduation, to fill vacancies in the lowest command grades of the line and other

JUDGE DUNNE REVERSED.

SCHMITZ CONVICTION IS NULL AND VOID.

Court of Appeals Holds Ex-Mayor Did not Have Fair Trial and That Indictments Against Him and Ruef for Extortion Are Invalid.

KEN lawyers in Los Angeles say that the decision of the Appellate Court, yesterday, dismissing the extortion case against ex-Mayor Eugene Schmitz of San Francisco, means that Schmitz will go absolutely free and never can be convicted of any of the charges against him.

These lawyers assert that the bribery indictments standing against Schmitz will fall to pieces, inasmuch as the only witness against Schmitz in the bribery cases is Abe Ruef, and a person cannot be convicted of bribery on the unsupported testimony of an alleged accomplice.

It is feared that Ruef, too, will get off for similar reasons. The chances are that, through the bungles of the prosecution and the errors of Judge Dunne, these two scoundrels, Schmitz and Ruef, will escape their just dues. A rehearing may be asked of the Court of Appeals by the prosecution, but that would be hopeless.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Jan. 8.—The judgment and order are reversed and the trial court is directed to sustain the defendant in the indictment and discharge the defendant as to such indictment.

This was the decision handed down today by the District Court of Appeals reversing the judgment of the trial court in the case of former Mayor Eugene E. Schmitz, sentenced to five years in San Quentin on the charge of extortion based upon the alleged "holding up" of the French restaurants in the matter of liquor licenses, and setting aside the indictment as to both Schmitz and Ruef.

LANGDON'S STATEMENT.

"It is not the province of the District Attorney's office to criticize the action of the Appellate Court," declared Langdon. "There are a few other indictments against Schmitz and Ruef which have been interdicted as not constituting a public offense. I want to say that the prosecution of the bribery-graft cases will be vigorously renewed and pressed to a conclusion as rapidly as possible."

The various newspapers and reports to the effect that the cases will be abandoned and that the prosecution is going to pieces that are being circulated for the purpose of embarrassing us and creating a sentiment of antagonism among the people are without the slightest foundation.

"Ruef may die, but the prosecution will go on just the same; Langdon may die, but what action was decided upon at the court this afternoon, I am not prepared to say. It was agreed that hereafter nothing will be given out in advance."

DUNNE CRITICIZES DECISION.

Superior Judge Dunne, before whom Schmitz was convicted and Ruef pleaded guilty, did not hesitate to criticize the action of the higher court. He said:

"It is to be regretted that the hearing of the cause came up before a court whose members have relatives and intimate friends against whom many indictments were returned by the grand jury, that returned the true bill, in view of these facts, I am not surprised that the court was in the proper frame of mind to give this entire an impartial consideration and decide it strictly upon its merits."

"I am satisfied the evidence and the law sustained the judgment and the verdict. I will further say that the jury which returned the guilty verdict had that the indictment was invalid and the conviction null and void."

NOT A FAIR TRIAL.

In effect, the court held that Schmitz was not given a fair and impartial trial.

Among the errors of the trial court as being cause for reversal, the Appellate Court, in its decision, containing about 12,000 words, enumerates the following:

That the court under the defendant's objection permitted the prosecution to present evidence to the jury after they had been accepted and sworn, without any proper cause being shown or even stated.

The court permitted the filing of affidavits disqualifying Sheriff and Coroner to take charge of the jury and appointed an alibi for that purpose before the affidavits were first served upon the defendant, and refused to allow the defense to file counter affidavits showing that the witness named in the affidavit was prevaricating and a personal enemy of the defendant.

The admission by the court of the hearsay evidence of the defendant, that he had been freely predicted by Schmitz's friends for some time, it did not fail to cause something of a sensation, and was the sole topic of conversation to-day.

The decision will have the effect of invalidating the other four indictments charging Schmitz as well as Ruef with extortion and rendering void the plan of guilty made by Ruef, as the appellate court held that no crime was committed.

By this reversal it is feared that the prosecution has lost its hold upon Ruef, and it was freely predicted tonight that the former police boss would not be allowed to testify in the bribery-graft cases, and would fight every indictment against him.

Although the court ordered Schmitz discharged from custody on the extorted indictment, Schmitz and Ruef can take advantage of the reversal for sixty days, and even then there is little likelihood that either of them will be able to get the enormous bail that will be required for the defendant.

There are still pending against Ruef 186 indictments charging bribery, on which the total bail is \$1,700,000, and Schmitz would have to get bonds for \$400,000 on the forty indictments that remain.

The prosecution has twenty days in which to ask the Appellate Court for a rehearing of the appeal, and the court has ten days in which to decide the motion. The trial would then go to the Supreme Court, where the same length of time would be required before the decision of today can go into effect.

HENEY WON'T TALK.

Hene, who prosecuted Schmitz, arrived this morning from Washington and left tonight for Portland. Soon after his arrival, he was apprised of the action of the Appellate Court and a conference followed in the District Attorney's office, between Hene, Rudolph Spreckels, Burns, and Langdon, and several of his assistants. At this conference the effects of the decision of the Appellate Court were discussed and a course of action were discussed at great length. When the conference broke up, the announcement was made that no statement would be given out and that the District Attorney's office would admit

to the contents of the second contention.

AFRAID TO GO ON STRIKE.

Goldfield Carpenters Asking Seven Dollars.

Refuse to Work for Less, but Are Scared.

Tangs Planning to Intimidate Legislature.

FEATHERER.

GOLDFIELD. Jan. 9.—There will be a strike of the carpenters in the Goldfield district, for the present, at least, and when it is over their wage will be \$100 a week.

The carpenter's strike was held at Ophir Hall last night to discuss its situation as it presents itself.

The carpenters named to meet with the operators regarding a schedule in case the employers consent to a conference, which probably, in view of the turn-out given by the committee from the Building Trades Council.

TAKE FROM WORK.

The carpenters employed by the Goldfield Mines Company were called away from work today, as they found it was drawing less than a scale of \$7 a day.

The carpenter's organization, which is a branch of the American Federation of Labor, met upon its members getting together and will take from work a scale of \$7 a day, less money.

There was little talk of it to-day, and nothing, for not less than a week, the carpenters will go on pageants and entertainments in honor of the 22,000 officers and men who will represent the power of the nation abroad.

Decorations and illuminations will go to the streets and harbor a long effect, and the parkades, pavilions and triumphal arches will be constructed.

With the operators looking a permanent wage scale, and the open-shop proposition, all, the union will stand a day or two longer, and then take to its come.

LEGISLATORS.

The unions here are preparing to submit to the Legislature an extra bill for arbitration, and an appeal in cases and petitions circuit court, and the constitution is to be enacted, as it would have to be in the Governor's message.

We received here today that Senator Edwards and Senator Clark, who was convicted of murder in the first degree in 1886 for killing Joseph P. Gross, a fireman, has just been committed to Folsom after nearly ten years delay. An appeal was taken but on June 6 last, a remittitur was finally received at the County Clerk's office, and a commitment was issued on August 2.

The document was lost, however and never reached the Sheriff or County Jail, where Clark had become a fugitive seven weeks ago. Judge Dunn, before whom the trial was tried, received an anonymous letter signed "A Fireman," calling his attention to the fact that Clark was still in the County Jail. An investigation was started, and a remittitur was issued at the County Clerk's office and Clark is now in Folsom.

PORTLAND (Ore.) Jan. 9.—[Exclusive Dispatch.] Exhausted from hunger and fatigue after tramping seven days in the forests of the Olympic Mountains, Adolph Faber reached a lonely cabin on the Wynoochee River, twenty-five miles north of Montesano, Wash., and was barely able to tell before he lost consciousness, that his partner, Olaf Johnson, had fallen on the trail six miles further up the stream.

A searching party found Johnson dead body.

The two had started from Shelton, Wash., a week ago. The second day on they lost the trail. Next day their food was exhausted, and they had to strip to the skin, and their matches were useless. A few birds were killed and eaten raw. They threw away their traps and retained only their guns. Johnson fired his gun and called Faber to go in search of aid. The latter did so, finally coming to a ranch twenty-four hours later. Faber is still in a serious condition.

SEATTLE, Jan. 9.—[Exclusive Dispatch.] Ruby Bridges, leading woman of the "Man of the Hour" company, was arrested yesterday charged with assault and battery on Miss Cecil Kern, ingenue in the same company. Miss Bridges, who is the wife of Manager of the company, was taken from her home to the Justice Court and released on \$1,000 bail. Her husband says she will plead guilty.

It is believed that fourteen men who were in the plant escaped. Big plate-glass windows in the business and other houses in St. Louis were blown out.

The audience in one of the theaters was about to flee in a panic, but were arrested.

Hale says Miss Kern has persistently "guyed" Miss Bridges from the wings and that the latter became so enraged she did "what any man would have done—just went out and punched her."

RENO, Jan. 9.—[Exclusive Dispatch.] Miss Bessie Curier, daughter of Attorney Curier of Reno, and prominent among the co-eds at the University of Nevada, narrowly escaped drowning on the college ice pond this afternoon.

The co-eds have their own private skating pond and the last week have been having fun on it. There was no change in the weather today causing a thaw and the girls did not reckon on the ice being so thin.

Miss Curier was the first to venture on the pond, and when the ice began to break she found herself helplessly floundering in the icy water.

The young ladies made a quick rescue by forming a human chain lying down on the ice, the last co-ed extending her foot within reach of the girl.

LONDON'S FRIENDS WORRY.

BEST CONTAINING AUTHOR AND PARTY ABOUT A MONTH OVERDUE AT MARQUESAS ISLAND.

BY THE ASSOCIATED PRESS--A.M.J.

SAN FRANCISCO, Jan. 9.—Friends of Jack London, the author, are beginning to feel uneasiness over his failure to arrive at the Marquesas Islands, which he was expected to reach early in December.

London left Hawaii October 7 in his boat, the Snark, for Marquesas and he is about a month overdue. It is supposed the Snark, which is equipped with a gasoline engine, is drifting about as the result of accident to her machinery.

This popular class of advertising has been appearing in The Times every day for many years, with a steady increase from year to year.

Other daily newspapers have tried various schemes in a vain effort to secure a few inches of this class of advertising, but shrewd hotel men choose to place their business where they are sure of returns. The following figures tell the story:

RESORT, HOTEL AND RESTAURANT ADVERTISING.

For the month of December, 1907, The Times printed 2076 inches of display Resort, Hotel and Cafe advertising.

The five other dailies combined printed 740 inches; The Times alone printing nearly three times as much as the aggregate of the five other papers.

SIXTIETH CONGRESS.
**ALDRICH BILL
ANTAGONIZED.**

**Will Become Law, However,
Is General Belief.**

**New Measures Introduced in
Upper House.**

**Central Bank Scheme Has no
Chance Now.**

DIRECT WIRE TO THE TIMES:
WASHINGTON, Jan. 9.—[Exclusive Dispatch.] There is some opposition to the Aldrich financial bill in the Senate. This was emphasized this afternoon when Senator Bulkley introduced a complete measure, framed along other lines than that now pending. It permits a greater variety of securities for circulation.

Senator Nelson also offered an amendment to the Aldrich bill, creating a fund of \$10,000,000 for the purpose of guaranteeing deposits in national banks against loss. Both these Senators are Republicans.

At the same time Senator Clay (Dem.) offered a bill providing for the issuance of treasury notes to the extent of \$25,000,000 based on the faith of the government and obtainable on the same security as proposed by Mr. Aldrich, with the exception of railroad bonds being banned.

It is admitted that the central bank plan cannot be made effective at this time. Senator Hopkins, who is a new member of the Finance Committee, told the president today that the Aldrich bill was going through Congress without serious opposition in either the House or the Senate, but that there were letters and telegrams from the West protesting against the Aldrich bill, the opponents of which contend that New York financiers would be the chief beneficiaries of the act. Those that were most heavily hit would be compelled to pay the New York holders of state, county, municipal and railroad bonds enormous premiums if it becomes necessary for them to take out any of the \$25,000,000 of currency proposed by the measure.

SMITH IS IN LUCK.

**California Representative Is First of
Golden Stat. Delegation to Get
Choices of Office Room.**

DIRECT WIRE TO THE TIMES:
WASHINGTON, Jan. 9.—[Exclusive Dispatch.] Representative Smith was the first of the California delegation to be given his choice of office room in the splendid new House office building in the drawing which took place today.

Smith's name was drawn early and he was able to choose one of the best rooms in the building. Representative Knowland also secured a good location. Representatives Newhall and McInerney were called together and the two adjoining rooms on the third floor.

Representatives Hayes, Kahn, Englebright and McKinlay were among the very last to be called and they were compelled to take rooms less desirable, some of them being on the inside court.

HAVE FINANCIAL SCHEMES.
Senators Clay and Bulkley Introduce Bills Providing for Currency Issues.

DIRECT WIRE TO THE TIMES:
WASHINGTON, Jan. 9.—[Exclusive Dispatch.] Senator Raynor of Maryland today introduced a bill authorizing the Secretary of the Treasury to issue \$200,000,000 of non-interest-bearing United States notes in circulation in such form as may be deemed expedient.

Senator Bulkley today introduced a bill providing for emergency currency to be issued by banks in amounts equal to the面值 of bonds to be deposited with the Treasurer of the United States. It provides that bonds of any State, county or municipality of less than 50,000 population, may be accepted for such purposes.

HELPING HAWAII.
ENCOURAGING ALIEN LABOR.

DIRECT WIRE TO THE TIMES:
WASHINGTON, Jan. 9.—[Exclusive Dispatch.] The Immigration Committee will tomorrow report to the House through Representative Hayes a bill providing that for a period of six years the law which now prohibits the immigration of European aliens as laborers to the territory of Hawaii, whose passage has been paid by corporations, etc., shall be imperative, and that no penalties shall be imposed upon those who induce such immigration or aid it financially.

MINES IN RESERVES.
BILL FAVORS PROSPECTORS.

DIRECT WIRE TO THE TIMES:
WASHINGTON, Jan. 9.—[Exclusive Dispatch.] Representative Haggard of Colorado has introduced a bill permitting prospectors to stake mineral claims on national forest reserves and to conduct mining operations therein.

The bill also permits of the construction of irrigation ditches and canals and reservoirs on any public lands exclusive of national parks and military reserves and granting to the constructing company the ground necessary.

TO SAVE LIVES.
VESSEL NEARLY READY.

DIRECT WIRE TO THE TIMES:
WASHINGTON, Jan. 9.—[Exclusive Dispatch.] It is announced by the Life-Saving Bureau that the new life-saving vessel Snohomish, which is to be stationed for patrol duty at the entrance to the Straits of San Juan, Washington, will be launched within two weeks after completion of dry dock.

The construction of this vessel is the direct outcome of the terrible Valencia disaster, which occurred off the straits three winters ago, and it will be the finest vessel of its class in the government service.

It is expected that the Snohomish will be ready for duty on the Pacific Coast by next July.

FAVOR TARIFF INQUIRY.

President Known to Approve Beveridge's Scheme to Take Question Out of Politics.

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—[Exclusive Dispatch.] It can be said without much fear of a denial that President Roosevelt is in sympathy with Senator Beveridge's scheme to provide for a commission of experts to inquire into all phases of the tariff question and to report its findings for the guidance of Congress when the time comes for the revision of the schedules—a bill.

in short, to take the tariff out of politics.

The Indians Senator today spoke freely of his plan, and of what it is hoped to accomplish. He said:

"Under the terms of this bill, no immediate revision is contemplated, or it would take the form of a general one year, working under the highest possible pressure, to make the necessary investigations."

When the practical nature and limits of scope of my bill are understood by Congress, I do not believe there will be any objection to it."

ASKS COAST FISHERY.

BILL INTRODUCED IN SENATE, MAKING APPROPRIATION FOR BIOLOGICAL STATION ON COAST.

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—[Exclusive Dispatch.] A bill providing an appropriation of \$5000 for the establishment and construction of a biological station for the study of fisheries of some extent on the Pacific Coast has been introduced by Senator Pines of Washington.

A similar bill providing a smaller appropriation was once introduced by Senator Perkins of California, but it was defeated.

The two bills are such stations on the Atlantic Coast and none on the Pacific.

TRAVESTY.

ARMY REDUCED TO A SKELETON.

DEARTH OF RECRUTS CAUSE OF GREAT ANXIETY.

REPORTS FROM VARIOUS POSTS SHOW WAR DEPARTMENT THAT COMPANIES WILL SOON BE MERE FRAME-WORK.

NUMBERING IN SOME INSTANCES ONLY THREE OR FOUR ENLISTED MEN.

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—The hard times in the industrial world that have driven into the Marine Corps and the navy nearly all of the men needed to help the army so far in the matter of recruiting. Reports still flow in on the War Department of the failure to secure recruits of privates buying their discharges, or non-commissioned officers refusing to re-enlist, and of recruiting skeleton organizations that are little more than trampions upon significant fronts.

A report just at hand is from Fort McIntosh, Tex., in which the commanding officer of a battalion of the Nineteenth Infantry says:

"I have present today in the four companies fifty-six men and twenty-nine of these are to be discharged this month. At the end of this month, if we get no recruits, one company will have three men and another four. The other two companies will have eleven and twelve men, respectively."

The report is one of a number being collected for the enlightenment of Congress in dealing with the great question of "What is wrong with the army?"

At the instance of the President, Assistant Secretary Oliver of the War Department has notified the Governors of the various States and Territories that they desire that they nominate a single representative of the National Guard of each State and Territory to take the competitive examination for appointment as second Lieutenant in the regular army, under the conditions and qualifications existing in the case of all civilian appointments in the service.

A resolution favoring the creation of an auxiliary public service was passed.

Maud Younger, a socialist and organizer of unions into a woman suffrage league, is here today, accompanied by others advocating a woman suffrage bill, and will work for votes.

A proposition was submitted urging the legislature to repeal the capital punishment law. The cause of the legislative debate of the day, Waitz MacArthur urged that the "convention to make the matter to those making a study of the question which was not in the provisions of a labor convention. The proposition was defeated by a heavy majority.

The remainder of the morning was devoted to reading reports from Delano, Michigan, and Frankfort, Ky., and the Comptroller of the Currency in an audience sufficient to provide a fund for the immediate payment of the national debt.

Such fund shall be called the "liquidation fund," and from such fund, whenever necessary, the Comptroller of the Currency shall be authorized to draw upon the liquidation fund to the extent required to reinvest each fund in the national debt.

SECURITY TO DEPOSITORS.

RAYNOR'S BANK BILL.

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—[Exclusive Dispatch.] Senator Raynor of Maryland has introduced the following bill providing security to the depositors of United States national banks, for the prevention of "hoarding of currency and for other purposes:

It is enacted by the Senate and House of Representatives that after the passage of this act, the Comptroller shall require the national bank associations of the United States a tax on their deposits, the amount of which shall be determined by the Comptroller of the Currency in an amount sufficient to provide a fund for the immediate payment of the national debt.

Such fund shall be called the "liquidation fund," and from such fund, whenever necessary, the Comptroller of the Currency shall be authorized to draw upon the liquidation fund to the extent required to reinvest each fund in the national debt.

Secretary Paul Sharpenberg, Treasurer—Patrick J. Flanagan, to American Federation of Labor—J. E. Dale.

Delegates to anti-Asian convention—Seattle—W. R. Gibson, B. Brisenthal.

It was decided to change the time of meeting of the federation to the first Monday in October. The reports of the president and secretary were read and approved. It was shown that the federation has on hand the sum of \$25,250.

A resolution was passed recommending that Congress pass a bill for the protection of navy yard employees injured in the performance of duty.

STRIKERS USE TORCH.

Car in Which Workmen Are Brought to Take Positions in Silk Mill Is Burned.

DIRECT WIRE TO THE TIMES:

PHILIPSBURG (N. J.) Jan. 9.—The importation of men to take the places of striking employees of the Standard Silk Mill caused a lively disturbance here last night, and if similar outbreaks occur the Governor of New Jersey will be asked for military protection.

A large number of strike-breakers were brought in to take the places of the men who had been struck off.

The situation became so serious that detectives escorting the strike-breakers were forced to hold their revolvers at the air to scare the mob. The cars started the town a blaze. At the bottom of Main Street a car was on fire when firemen attempted to extinguish the flames some cut the hose. The car was consumed. After this the strikers scattered.

The streets of the town present their usual appearance today.

COTTON STATISTICS.

CENSUS BUREAU REPORTS

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—The census bureau issued its annual cotton statistics showing the number of bales of cotton shipped for the growth of 1907 to January 1, 1908, was \$265,427, as compared with \$174,029 last year, and \$72,426 for 1906. This country round bales as follows:

TO PROTECT DEFENSES.

BILL PASSES SENATE.

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—The Senate passed a bill to protect the harbor defenses and fortifications of the United States from malicious injury.

Senator Frye explained that the bill provides against violations of naval bases and against the use of incendiary devices and fortifications in the same way that similar offenses in the army are punished.

The situation became so serious that detectives escorting the strike-breakers were forced to hold their revolvers at the air to scare the mob. The cars started the town a blaze. At the bottom of Main Street a car was on fire when firemen attempted to extinguish the flames some cut the hose. The car was consumed. After this the strikers scattered.

JUDGE TRACY PROFESS BONH.

DIRECT WIRE TO THE TIMES:

WASHINGTON, Jan. 9.—Secretary Taft announced today that Judge Arthur Beaver of the local branch of the International Board of Stationary Firemen today swore to a warrant for the arrest of G. B. Burdett, president of the Unionite organization, on a charge of embezzlement.

According to Beaver, a recent exami-

nation of the books of the Unionite

organization showed that the

Unionite had been selected for the

revision of the schedules—a bill.

RACE TRACK GAMBLERS HANDLED
 FAIR DAY'S SPORT.

Now Even Break With Bookmakers
 A Wonder, as Nags Appear
 Only Run Close to Form—Card is
 Still Cheap One, the Fourth Event
 Being the Only Feature.

The gambling sports at the Arcadia track saw the first dead heat of the season yesterday in the fourth race when Carman, Waterbury and El Centro met. Waterbury crossed the finish line with his noses together, the distance in the fast time of 1:17.4. A number of the bettors were so close that no one could give a decision. The time was two-fifths of a second, of the record of 1:17.5, made several days ago by Brookdale. Nyquist was the first out home for Rapid and he was loaded with 125. This weight did not stop him, however, from driving with Waterbury third. After jumping into the lead and set a stinging pace all the leading Mary F. into the stretch three lengths, with Sir Edward two length in front of Rapid. In the stretch, however, Waterbury recovered his losses by running those in front, but Dugan made his move soon enough that he could get a dead heat with Waterbury.

Metcalfe, Pomona's versatile athlete, was in his element for his second best, so far this year in his attempts at goal. Lorber has one guard position cinched, while McKeen, Parker, Wingard and Williamson are a strong quartet out for the other. Since most of the team can play a hand, a consistent game, he will doubtless play the position in the majority of the games.

Coach Braden is holding tri-weekly practice, and doing strenuous work. No training table will be started for the court workers, but training rules will be required of all aspirants for the "Varsity" team.

POMONA'S FULL SCHEDULE.
 First Basketball Game to Be Played Saturday With Others Follow.

SPECIAL CORRESPONDENCE OF THE TIMES.

CLAREMONT, Jan. 8.—The first of Pomona's unusually full-scheduled men's basketball games will be played Saturday with the Pasadena Y. M. C. A. five on the college courts in Renwick gymnasium. Eight games have been secured and the season will last until late in February.

Following the Pasadena game Saturday will come several practice games with the Pomona and Ontario High School teams, after which the inter-collegiate season will begin with a match with the Quakers five on the home courts. February 3 the "Varsity" will clash with the Presbyterian goatherders at Highland Park. A week later the return game will be played with Whittier on the William grounds, February 10. Occidental and the college five will again contest at Claremont February 15.

Should the respective colleges each secure two or more consecutive matches, a tie-breaker will be arranged after the regular schedule is over. The championship will be decided on a percentage basis.

In addition to the collegiate contests, there are three tournaments.

Two, the Girls' and Mens' Hartzel have secured games with the Redlands and Riverside Y. M. C. A. teams, but the exact dates have not yet been set.

"Varsity" practice was resumed yesterday and the number of candidates is gradually becoming less numerous, and the Pasadena game will be used as a final try-out. Hayes, Neuls and Richards are the latest players to be eliminated.

Waterbury, who has been the leader in the first four games, has been

S.C. came out ahead financially at the end of the football season and stands the truck account with a credit on the ledger, according to reports given to the Athletic board of Control by Student Manager Carle Hunt. Prior to the season high school control of the university management was in arrears, but the guarantee of \$200 cleared on the latter game dissolved the season's deficit.

PROTETS SETTLERS.

IMPORTANT LAND CASE IN IMPERIAL COUNTY DECIDED AGAINST JUMPERS.

EI CENTRO, Jan. 8.—A land case of interest to the settlers of Imperial Valley has just been decided by Judge F. J. Cole of the 106 Superior Court of Imperial county. He has given judgment for the plaintiff, Ella E. Blodgett, against John Scott and John Pemberton in a case which concerns a 220-acre tract east of the Alamo River. The land was originally claimed by Blodgett, and a part of it was placed under cultivation, but the whole tract had not been reclaimed. Scott and Pemberton appeared and settled on the unclaimed portion claiming the right to locate it as a part of their claim. Judge Cole decided that the claim, as a whole, was being improved with due diligence, and that this protected the plaintiff's rights. Damages for \$100 were included in the award for Mrs. Blodgett.

HONEY-MAKERS COMING.

Arrangements have been made for the transfer of many stands of honey from apiarists in the mountains back of San Bernardino to Imperial county.

The extensive fields of alfalfa growing here the year round, and the constantly increasing acreage of other crops, afford bee-keepers unusually favorable conditions. Honey promises of becoming an important item in the income of the Imperial Valley ranchers.

MORE BUILDINGS PLANNED.

It appears certain that the next few months will mark an important era in the growth of El Centro. Three large buildings are now under way on the main street while several others are planned.

George Fishbaugh of Yuma has purchased a site here for the erection of a two-story building with a fifty-foot frontage.

Work has been started on a large addition to Hotel El Centro, and several smaller buildings have been erected.

The Southern Pacific is to build both passenger and freight depots, the latter to be of brick,

and will be started as soon as material can be secured and shipped here.

MAYOR CARRIES POINT.

DISREGARDING PROTESTS AND OPPOSITION HE SECURES CHANGE IN MASS BARRACKS FIRE BRIGADE.

SANTA BARBARA, Jan. 8.—Disregarding the protests of fire underwriters and opposition from leading citizens, Mayor Elmer J. Boesche yesterday removed E. C. Niles from the captaincy of the local fire department, and Policeman Fred Stoyt was appointed to succeed him by the majority of the Fire Commission, which was composed of the Mayor, Fire Chief John Dugan and President of the City Council E. G. Dodge. Chief Dugan opposed the change.

TOUCHING EULOGY.

The funeral of Gen. Horace Binney Sargent, who died at the home of his daughter, Mrs. Bowman, 201 McCalla, early this morning, was held at the home of the McCallas on Constance avenue, Montecito, this afternoon. Rev. Benjamin J. Davis, rector of Trinity Church, performed the services and delivered a touching eulogy. The body was taken to Los Angeles tonight for cremation.

SPECIAL NOTICES

STOCKHOLDER MEETING.
To the stockholders of the California Industrial Company, we will be held at the office of the stockholders, at the corner of Fourth and Santa Fe Avenue, Los Angeles, January 12, 1925, at the hour of 2 p.m., of said day, for the purpose of electing directors of said corporation for the transaction of such other business as may properly come before the meeting.

G. L. MERRILL,
Stockholder, California Industrial Co.,
Los Angeles, Calif.

INFORMATION OF PARTNERSHIP.

The co-partnership heretofore existing under the firm name of W. and J. Stearns & Company, has been dissolved. The business has been taken over by W. & J. Stearns in corporation of New York City.

the way of the Senator when he was to call in witnesses," responded Mr. Hale, smiling.
Without definitely admitting that the whole naval controversy should be opened up in the naval committee in consideration of the bill, Senator Hale gave as his belief the probability that the committee would go to a large extent into the subject.
"I realize," he said, "that we can not go through this session without pretty general airing of these subjects. However, the question as to how far the investigation shall proceed should be left to the committee."

FATAL ACCIDENT.

E SPEE WRECK KILLS THREE.

PASADENA MAN ONE OF INJURED IN DISASTER AT RUCKER.

Twelve Taken to Hospital, Many of Them Suffering Severely—Coaches Leave Track as Train is Making Up Time—Wrecker Carries Physicians and Nurses.

BY THE ASSOCIATED PRESS.—P.M.

SAN JOSE, Jan. 9.—South-bound Southern Pacific company, was run early this evening at Rucker, twelve miles below here, and Mrs. A. Boyd and her little son of Puritas, were killed.

An unknown tramp, stealing a gun from the brakemans, was also killed.

Twelve injured have been taken to a Gilroy hospital, where their injuries were treated.

A partial list of the injured follows:

WILLIAM FERGUSON, Los Angeles, badly crushed, may die.

A. SAUNDERS, Chicago, severely crushed.

HOWARD MULLETT, San Francisco, badly hurt.

MRS. M. JOHN, San Francisco, crushed.

W. OAKLEY, Santa Cruz, severely hurt.

R. BELLEMIE, New Orleans, fractured arm.

AND W. W. ECKER, San Francisco, scalp wound.

EDWARD MULLETT, San Francisco, fractured foot.

D. J. SCULLY, Napa, Cal., ankle hip fractured.

CHARLES SAVAGE, Pasadena, scalp wound.

MR. AND MRS. W. S. REED, Chicago, arms and wrists cut.

W. W. ABLES, Chicago, broken arm.

The cause of the wreck is not known, but it is believed that the train left the track. One was killed in the county road, and in three others was seriously hurt. The last was one hour late leaving San Fran and was running so slow as to afford time to make the accident.

A wrecking train carrying physicians and nurses was made up here and patched to the scene, as was a passenger train to which the uninjured passengers of the wrecked train transferred.

The train is made up in San Francisco, and its terminal is now here.

MOTHER LETS CHILD DIE.

Coroner's Jury Scores California Woman and Mental Healers, Casting Gross Neglect.

BY THE ASSOCIATED PRESS.—P.M.

KALAMAZOO (Mich.) Jan. 9.—The coroner's jury at Plainview, which had been inquiring into the death of Walter Neely, aged 21, years old, Mr. and Mrs. Davis N. Neely of Sacramento, Cal., brought in a verdict this afternoon, finding the child a picture of physical and mental prostration, and deciding that his mother guilty of gross neglect in failing to secure the services of a physician, or to call in medical advice.

The child was treated by two members of a sect of mental healers.

No responsibility is declared attached to the father, who was in the infirmary during the child's sickness.

The verdict declares that the parents of Grand Rapids and Mrs. Neely, of Kalamazoo, who had the child, are guilty of gross negligence in not doing anything to determine the nature of the disease or calling a physician.

KNAGEN'S DEBTS GROW.

Owner of San Francisco Store Accuses Liabilities \$200,000 More Than Stated.

BY THE ASSOCIATED PRESS.—P.M.

SAN FRANCISCO Jan. 9.—The debts of Knagen's crew over from \$400,000 to an amount not less than \$600,000.

Gabriel Hines, who is the real head of Knagen's, admitted to the large hall of the Board of Trade that he owned much more than the previous figure, and that the new figure was between \$600,000 and \$800,000.

OFFICERS CAUGHT IN PIRACY.

WARSAW, Jan. 9.—The discovery of a revolutionary plan among officers in the command of the fleet at the fortress has led to the arrest of seven officers. They are now carrying out a search of the quarters of the

FLASHERS FROM WISCONSIN.

Fire at Green Bay, Wis., yesterday caused an estimated loss of \$200,000. The Derrick Clothing Company, which is the principal loss, had a round-house on the Lake Shore road, together with the machine and oil houses, were destroyed by fire. William S. Hamburg, in the tool-room, was burned to death.

OPENINGS IN TURRETS.

Mr. B. Thomas, who since the death of H. O. Havemeyer, has been president of the American Baking Company, has been elected president of the corporation.

Tobacco firms are all of them being hurried to Louisville, Ky., to escape the cancellation or the refusal of new insurance companies to write for prepayment of further raids on riders.

A violent northeast wind has blown the waters of the Baltic sea, flooding the low-lying districts of many small towns and villages, and a battle is about to begin.

Many casualties have been reported, and the German fleet is in route to the coast towns.

The West Virginia Mining Association was formed as a permanent organization at a meeting in Wheeling, W. Va., yesterday. The members of the association are the principal promoters. The association will be represented in Congress to urge enabling the geological survey to certain parts of the state to receive plumbings and apply for franchises.

NEWS AND BUSINESS.

Postponed.

The reception which was to have been given at the Children's Hospital has been indefinitely postponed.

Manager Harris Resigns.

C. R. Harris, vice-president of the Auditorium Company, and general manager of the corporation, presented his resignation to the board of directors yesterday. He said it will be accepted by February 1, in order that he may devote all his time to other extensive business interests.

Need for More Carriers.

Although additional carriers were assigned to duty the first of this month, there are still not enough for more men, and Postmaster Flint will recommend to the Postmaster-General that more carriers be appointed. Yesterday 12 new lock boxes were installed at the main postoffice, because of the increased demand for private boxes.

Short Account and Arrest.

Milton Mason, a young man, who drives a delivery wagon for the Anderson & Chandler Company, was arrested last night on a charge of embezzlement. For several weeks, it is alleged, Mason had short in his accounts. He was accused of taking small sums, aggregating \$20, from his collections. Mason admitted the shortage.

Political Equality League.

At the meeting of the Political Equality League, to be held at the Woman's Club House Saturday afternoon, Mrs. L. Little, president, will read a paper entitled "Woman's Injustice to Man," written for the league by Ellin Wheeler Wilcox. Mrs. Deardorff will also read a paper on the reorganization of the late meeting of the State executive board. More for Statistics.

The supervisors have increased the salary of County Statistician W. H. Wright from \$1200 to \$1500 per annum, engaging him for a period of two years, ending January 1, 1910, and allowing him \$200 a year for expenses. Wright's duties include the gathering of statistics of all kinds pertaining to Los Angeles county, as provided by State law.

Knights Templars at School.

William D. Stephens and Sheriff Will A. Hammel left last night for San Francisco. They will attend the Knights Templars "School of Instruction," which will be held in Sacramento. Both are grand officers. Other distinguished parts of the State will attend. The gathering will be presided over by Grand Commander W. Frank Pierot.

REPORTED DEAL DENIED.

Telephone Company Officials Say There is No Truth in Rumored Consolidation of Rival Company.

The report was received from Redlands last night that the Southwestern Home Telephone Company, a Redlands corporation, has absorbed the Pacific States Telephone Company generally throughout Southern California. The statement was made that the competing companies had merged and that the double service would do away with the double service which nearly all business men have found to be necessary.

C. M. Steely, assistant division manager of the Pacific States Company, positively denied last night that such a deal or any deal had been consummated. His denial was unequivocal and positive.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Mayor Harper vetoed the Dromgold sign ordinance yesterday, because it prohibits swinging electric signs across the sidewalks at night.

Eighteen years ago proceedings were commenced for opening and widening San Pedro street from Fifth to Aliso streets; today the award of damages made by the referees will be filed in court. Work on the street has not been commenced.

Mrs. Katherine Lorree's suit for divorce from James Lorree came to trial in Judge James' court yesterday. Lorree filed a cross-complaint, and contested a charge of unfaithfulness with a counter charge.

A jury in Judge House's court yesterday heard the first part of the evidence in C. A. Hooper's \$2,183 damage suit against the Los Angeles Railway Company for injuries sustained by him in a collision between a car and an automobile.

William Worthington was tried yesterday before Judge Wilbur for threatening with a carbolic acid bottle the face of Gertrude Stevens at San Pedro. The juries disagreed.

A mad desire to annex automobiles and give young women rides led to Joseph Leitzen and James McFarland being held for trial yesterday on a charge of stealing a valuable auto.

James Morley, arrested on a charge of violating the speed ordinance, yesterday demanded a jury trial, declaring that one of the officers had a grudge against him.

AT THE CITY HALL.

MAYOR VETOES NEW SIGN BILL.

SAYS IT IMPOSES UNNECESSARY RESTRICTIONS.

Chief Executive Favors Swinging Electric Signs for Night Display and Asserts They Should not Be Prohibited by Ordinance—Content in the Council Promised.

For the third time in this administration, Mayor Harper has vetoed a sign ordinance proposed by Councilman Dromgold and passed by the Council. On the last day of the old year the Mayor named among his good resolutions a desire to close the wrangle over electric signs. This resolution received a vote of confidence yesterday when Secretary Johnson met with the City Clerks a message from the Mayor vetoing the latest Dromgold ordinance.

Councilman Dromgold is opposed to swinging signs that project over the street; hotel men, restaurant men, theaters and saloon men have besought the Mayor to permit them to swing electric signs over the streets at night. A number of the "night owls" have already erected such signs contrary to law, for the present ordinance prohibits the placing of signs across the way over any part of a street or sidewalk.

The Mayor set forth in his veto messages the following reasons for not approving the Dromgold ordinance: "It shall be unlawful for any person, firm or corporation to erect, place or maintain any sign or device above any building above the first story thereof, except in such manner that the sign shall not extend below the lintel or above the sill of any window in such building, unless such sign is so permitted from the Board of Public Works."

The ordinance which the Mayor has vetoed contains the following section: "It shall be unlawful for any person, firm or corporation to erect, place or maintain any sign or device above any building above the first story thereof, except in such manner that the sign shall not extend below the lintel or above the sill of any window in such building, unless such sign is so permitted from the Board of Public Works."

Some of the other provisions are that signs in the first stories shall not extend more than twelve inches into the space above the first story, and signs above the first story may not extend more than thirty inches; that no sign may extend across a window unless it be ten feet above the level of the street.

"At recent trip to San Francisco convinced me that we are making a mistake by not permitting the swinging electric signs here," said the Mayor last night. "At night Filmore street there is a great display. There are electric signs in front of almost every place of business."

"In the day time they are foisted back against the buildings, safety out of the way. This does great damage to the appearance of the street at night. I talked them over with Mayor Taylor. He said that one man wants to place them over the street in the daytime."

The Mayor says he did not discuss the sign ordinance with some of the Councilmen except Barney Neely, and that he does not know whether the Council will sustain his veto; but the Mayor's astute secretary is reported to have assured him that there are 20 votes against the ordinance in the Council. This is enough to prevent its passage over the executive veto.

NEW BOOKS COMING.

THOUSANDS OF TITLES. A copy of new books numbering 1,000 copies under 25 cents has been received from the Public Library; these will be ready for circulation next week.

Travel, History and other important books are included, but the greater portion of the emigration consists of fiction and juvenile books. A still larger shipment will be received about the middle of this month. The present collection of books will be the largest in the history of the Library.

RECORD FOR DELAYS.

TWO DECADES ON ONE STREET. Moving at a pace beside which one more step forward has been taken in the proceedings for opening San Pedro street from Aliso to Fifth streets eighteen years ago this week was started. The record of fastest award of damages will be filed this morning in the Superior Court.

In the beginning the estimate of expenses was \$12,500; the award of damages was \$12,500; the award of costs was \$1,000. The first party to be adjudicated, the heavier single award is \$2,500 to Mrs. Antonio D. Woodward for

property on San Pedro street between First and Second streets.

The growth of the business district east of Main street and north of First street has been retarded seriously because there was no through thoroughfare between Los Angeles and Alameda streets. It is now proposed to widen Main street, the interior one that runs from Pasadena and other points north of the city to the beach resorts and to send them south to Ninth street on San Pedro street instead. This will be done as it will relieve the present traffic or congestion on Main street from the 25th to Ninth street.

Fleet Reception Committee.

Mayor Harper sent out requests yesterday asking the members of the Battleship Fleet Reception Committee to meet in the Council Chamber next Tuesday afternoon for the purpose of effecting a preliminary organization. He has added John E. Scott of the Associated Press to the committee.

Married Couple Lead Lively Life in Which Star Boarder, Grass Widow, Physician and Abundance of Boose Figure, and Which Inevitably Ends in the Divorce Court.

After fifteen years of married life, which gradually became more and more lively aspect for both until it wound up with a grand fight and a hurry call for the police, Katherine Lorree and James Lorree yesterday appeared in Judge James' court, each seeking a divorce, and determined to secure all the community property.

The woman charged her husband with extreme cruelty, intemperance, and continued unfaithfulness, while Lorree retorted that she drank too much, but other men too well, and harassed his friends by crew and inconsiderate conduct. When Mrs. Lorree related stories of a gross widow, and both admitted they liked whisky so well it was always in the house.

SHOT TOO SOON. Charles A. Cleary was yesterday fined \$25 by Justice Sumner for a violation of game laws by shooting ducks at Playa de Rios before sunrise. Cleary pleaded guilty and paid.

DENIES WHIT. Judge Smith has denied down a decision denying the application made by E. A. Chambers to restrain Justice Sumner from holding a preliminary examination in Luther Brown's criminal libel proceedings against Crothers. The examination probably will be held early next week.

SEEKS PROPERTY. Harry Matson yesterday filed in the Superior Court a petition that lot O, block 372, Santa Monica, be decreed to be his property. He also filed a claim to the property of himself and his wife, Anna Matson, who leaves four minor children.

DESIRE FOR AUTOS AND GIRLS LEADS TO JAIL.

Passion of Two Young Men for Amazing Other People's Motor Cars Leads to Arrests—Female Companions Smilingly Listen to Evidence—Sport Nights Speed Charge.

A mad desire to possess every automobile they saw, and to appear well before young women of their acquaintance, led James Leitzen and James McFarland, well-educated young men of the city, to take fine machines, right and left, from their owners and rightly belonged to her. Both admit that their married life has been vivacious and lively," she added.

The couple have no children, and the bone of contention in their real estate, Mrs. Leitzen, who is auto-car conductor, and his wife, sold \$2500 worth of land and pocketed the proceeds. He therefore asks that their dwelling be given to him. Mrs. Lorree, who works in a cafe, says the property was given to her, and demands that the quarrel arises over her conduct with Palmer, or that before she went East in 1900 her conduct with another lodger was the cause of family trouble. "But he was always cheering about with other women," she added.

THE AUTOMOBILE AND AUTO COLLIDE.

In April, 1906, C. A. Hooper, a wealthy lumber dealer in Alameda, accepted an invitation by F. L. Morgan to take a ride in the latter's automobile. The car was nearly started and everything went well until Main street, between Sixth and Ninth was reached.

There is a car of the Los Angeles Railroad Company joined in the festivities; the auto went up in the air and its occupants down on the street. Morgan escaped uninjured, but Hooper had both bones in his right leg fractured and other injuries. He sues the railroad company for \$20,000 damages and trial date set for January 20, yesterday the case came to trial before a jury in Judge Hutton's court.

Mr. Hooper testified that the trailer was traveling at a speed very much in excess of that allowed by the city ordinance, and that to this fact the accident was due.

The lawyers for the corporation contend that the driver of the automobile failed to use reasonable care in guiding their vehicle.

Judge Hutton denied their motion for a non suit, and the case will be continued Monday.

ALLEGED THREW ACID.

BUT JURORS DISAGREE.

William Worthington was placed on trial before a jury in Judge Wilbur's court yesterday charged with felonious assault on Gertrude Summer last November at San Pedro. The woman says he tried to blind and disfigure her by throwing carbolic acid into her face because she refused to continue her liaison with him.

On the stand she said she became acquainted with Worthington in San Bernardino, where he worked as a switchman in the yards until he lost his right arm. She afterwards left her family, and accompanied Worthington, returning to San Pedro, where she now lives. Finally she refused to continue her liaison with him, although he threatened to do her injury. A few days later he visited her and, during a quarrel, struck her and, during a struggle, hit her face. Her right eye was slightly injured and her features marred.

Worthington asserted that the woman was trying to prevent him from getting a divorce, and that she attempted to wrest the acid away from her, he himself was slightly burned.

He denied that he tried to disfigure her. Last night the jury disagreed.

BREVITIES MISCELLANEOUS.

REFUSED BERTH.

Asserting that his health has been affected seriously by his failure to obtain the berth for which he paid, Henry C. Warren, 36, yesterday filed a \$200 damage suit in the Superior Court against the Pullman company. He says that he purchased a lower berth in a tourist car from Paducah, Kentucky, in October, but that he was obliged to occupy an upper berth in the tourist car, and the cost of the extra berth was \$15. The cost of the tourist car was \$25.00 to El Paso, and was so worn out by the hardships of his journey to Los

Angeles that on his arrival he took to his bed.

JUROR SUBSTITUTED. C. W. Griswold, a juror in U. B. Howard's \$25,000 damage suit against the Corrigan Lumber Company, now on trial in Judge Wilbur's court, was excused by reason of illness, and M. Morris was substituted.

FOUND GUILTY. William Sykes was found guilty of robbing his stepdaughter, Mandie E. McCoveny, by a jury in Judge Wilbur's court, and will be sentenced this morning.

REFUSES PAYMENT. Addie E. Snodgrass yesterday filed suit against Mary E. Burns in the Superior Court to collect \$1000 alleged due her, according to the award of a board of arbitration made last July. The woman desires as much of the amount as the plaintiff should receive as from Mary E. Burns for merchandise furnished, and both signed an agreement to abide by the award of the arbitrators, which was for \$1000. It is asserted that the Burns woman refused to pay up according to this agreement.

DOUGHTS ON BUSINESS. DIGNITY OF USEFULNESS.

WALDO PONDRED WARREN.
One advantage that the American business over its English neighbor which is of significance is that the American business is more open than the English neighbor which is of the same kind. One of the chief obstacles to success is the ill-respect afforded to business in general. An English writer says: "The man who has been successful in his business has the disposition of the wretched country to sneer at business as if it were a trade, as they term it. It is a sin from that picture and contemplate the same disposition of all right-minded men to concede the dignity of any concern which helps in any way to improve mankind and make the world a better place."

"Red Feather," the DeKoven-Klein drama, which is again being presented at the Mason Opera House, is a work which, with the finest possible production, would never leave a fragment of its impress on one's memory. There could never be a lingering suggestion of a brilliant air or the vision of a poetical or dramatic scene. The name tame as its name, and is a name, in all probability, the one from which the play has been exhausted before. There is little originality in the music, and much of it seems frankly reminiscent. The present production is another Joseph M. Schenck shows out the fact that he can not assimilate against it especially the thing go. Sheridan Simpson Van Studdiford could not do it either. I believe Miss Simpson's appearance was in the well-remembered "King David" production, in which Hitchcock and others made excellent entertainment at the old Los Angeles Theater. Miss Simpson is about the same in appearance, save for a few of her mannerisms and her voice is of the same timbre. She is not so unaparable with her high notes, nor is she always quite true to pitch, but on the whole she does full justice to the music.

The comedian seems to affect pains-taking imitation of Miss Edwards. Whether he does this with a purpose or unconsciously is not evident. I believe W. H. Lampson, who has a light, airy, tuneful voice, which he uses effectively in several airs.

The remainder of the company are of average caliber. The total fault of "Red Feather" is its deadly imitation and lack of originality.

Miss Bryant a Bride.

Miss Lulu Bryant, daughter of Mr. and Mrs. T. V. Bryant, was married last evening at the home of her parents, No. 1543 West Twelfth street, to Duff J. Greene, a well-known man of this city. The ceremony took place at 6 o'clock by Dr. Hugh K. Walker, of Emmanuel Presbyterian Church, in the presence of a gathering made up of close relatives and friends.

The bride was in white silk and lace and carried a bridal bouquet of white carnations. She was attended by Miss R. E. Coulter as bridesmaid, in pink silk, while the bride's brother, W. E. Bryant, and his wife, Mrs. Bryant, was prettily decorated in a floral scheme of roses and ferns.

After the ceremony the bride and groom left on a wedding journey to Europe, taking other vacation points. They will make their home in Los Angeles, where they have a large circle of friends.

In Honor of Bride-elect.

As a courtesy to Miss Gertrude French, whose engagement to Carl Waner of San Francisco has been announced, the party will be given Monday by Mrs. M. Borth and Miss Hazel Douglass, of No. 2746 Waterloo street. Since the announcement of the engagement a few months ago, Miss French has been entertained at numerous functions, recent affairs given for her was the pitcher shower at the home of Mrs. Jack Wichman of Hobson street. The house was gaily decked with red hearts and greenery. During the shower, however, which was served at which covers were laid for Mrs. Carrill, Mrs. Dunfee, Mrs. K. Moore, Miss Hazel Douglass, Mrs. Will Wilson, Miss French and Mrs. Wichman.

Leaves for Home.

Miss Marion G. White of San Bernardino, returned to her home yesterday after a delightful ten days' visit with Miss Margaret L. Gardner of No. 2118 South Grand avenue, and Miss Florence Woodard of No. 2118 Vermont avenue. Many affairs complimentary to Miss White were given here, among them being a theater party at the Masons.

Reception at Children's Hospital.

A reception will be held at the Children's Hospital, corner of Alpine and Colorado streets, Saturday afternoon from 2 to 5 o'clock. All are cordially invited. The board of directors and managers will receive, assisted by a number of the young ladies, who will pour tea.

Allen-Dingle Wedding.

Ervin Dingle of the Horticultural Commission and Miss Florence H. Allen were married last evening at the home of the bride's parents, Mr. and Mrs. C. W. Allen, of No. 250 West Jefferson street. Mrs. Gertrude Bangs, a maid, and Mrs. Mary and Lee Youngworth was best man. The bride was attired in a beautiful creation of pale blue silk and she carried white carnations. The matron wore pale straw hat and carried a bouquet of pink carnations. Little Marjorie Allen, the bride's niece, assisted as flower girl. The Rev. P. F. Bresne performed the ceremony, and Miss Mary Barr had charge of the music. A pretty artistic scheme of pink and white carnations and violets was used in each room. Mr. and Mrs. Dingle will make their home at the Remond apartments, where they will receive their friends after January 15.

Afternoon Tea.

An afternoon tea was given Wednesday by Mrs. Page Brown in honor of the Misses Brown of San Francisco, sisters of Dr. Brown, who have been enjoying an extended tour through

Europe. The home was decked with a profusion of flowers and greenery. The hostess was assisted by Mrs. A. Leonard and Miss Cameron Leonard.

Miss Bradley Hostess.

Miss Alma Bradley of No. 1029 South Wilshire boulevard, Wilshire Avenue with a shower and whisk party in compliment to Miss Mabel Crossman and Ralph Larson, whose wedding will take place Saturday. We must stand our loss. No counter, table or shelf has been spared. Friend sends friend to increase the surging crowds of satisfied, happy purchasers. Never has the like of this sale been known anywhere—such crowds, such enthusiasm and such open doors.

Doors open daily from 8 a.m. to 6 p.m. Saturday until 10 p.m.

SECOND WEEK OF THIS GREAT FIRE SALE, EMBRACING \$35,000 Worth of HIGH-GRADE Clothing and Furnishings

Owing to the unheard-of rush in every department during this week, since this Fire Sale began, the selling stocks on our counters, tables and shelves melted away so rapidly that our reserve stock could not be brought to the counters, from our basement stock-room, quick enough to satisfy the eager, surging crowds. By working after hours we have at last succeeded in emptying our stock-rooms to the last article, and now our entire reserve stock has been forced on sale. Just a trifle damaged by smoke only. And the stocks are still nearly complete in every department.

This Great Sale is the Talk of the Town

The greatest crowds ever seen in a business house have stormed "Kahn's" daily since this Fire Sale began. Again and again it became necessary to close the doors because no more people could be admitted.

A great many more salespeople have been added, and the stock rearranged to facilitate speedy sales. So now this great Fire Sale will go on with increased vigor and enthusiasm. The great crowds have proven that Kahn's have always had the confidence of the people.

Doors Open Today Friday, at Eight o'Clock for the Second Week's Selling

NOTICE

This sale continues from day to day until the entire stock is sold. Not a garment is reserved. It is a clear, clean sweep. Everything must go. The smallest prices you ever heard of.

Damaged By Smoke and Water

Kahn's, the reliable clothier of the city, with one of the most complete stocks, has suffered damage by smoke and water. Our buyers are already prepared to go East to purchase an entire new stock. The entire stock now on hand must be sold quickly, as we will not carry one dollar's worth of damaged goods in our new store.

The insurance companies swallow the loss. Everybody gets an enormous money worth.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SO SLIPPERY. FINEST GRAPHITE IN THE SLIDE.

SO CLAIMS INVENTOR WHO IS VISITING PASADENA.

Says He Can Reduce It to Such a Molecular Quality That It Will Run Through Note Paper Like Water Through a Sieve—Boiler Blows up in Engine-house.

Office of the Times, No. 25 Raymond Ave., Pasadena, Jan. 9.—Claiming that he has solved the problem of lubrication of machinery by reducing graphite so fine that it will run through a thick sheet of note paper like water through a sieve, Edward Goodrich Acheson of Niagara Falls, N. Y., is showing his process to guests at one of the Pasadena hotels. His first achievement in scientific mechanics was the discovery and perfection of carbonium, a crystallization of common coke and river sand, by which he can cast any shape of a diamond. By his calculations he claims his discovery to be the United States, as it is driving emery and other abrasives out of the markets of the world. Today the Scotch granite cutters are using carbonium at fourteen cents per pound, when they can buy emery from the market, costing about three cents per pound. Last year this company sold \$600,000 pounds of its product.

The discovery of reducing graphite to its smallest molecular quality has been made by him, it is claimed, who is known as the inventor of Niagara Falls, claims that he has not only solved the problem of grinding machinery journals at the cheapest cost but also of lubricating them so that they will last longer. His latest discovery in the use of graphite will drive the Standard Oil syndicate out of the market for lubricant oils. As an instance of this graphite's quality he says that he has driven a big Ford-Lincoln automobile for more than 75,000 miles and that the compression on the cylinder is still so great that he cannot move the crank when he desires to start it. A demonstration of his invention and demonstration of this fact, and Mr. Acheson has promised it at the earliest date possible.

This inventor will spend the winter with his family at the Maryland and his laboratory equipment will go before the Academy of Arts and Sciences in Boston to receive the Count Rumford medal in April. He is the twenty-first American to honor. This prize was given by Count Rumford in 1905 and only such Americans as Corliss Edison and Prof. Roland have received it. This prize was awarded to Acheson for improvements in the electric furnace, by which through the use of graphite electrodes, an introduction of a greater heat into the crucible or retort. His discovery of graphite reduced to its molecular or atomic range is now more than a year old and has not yet been put into practical use but he expects with it to revolutionize engineering as it will reduce friction in machinery almost to nothing.

BOILER BLOWS UP.

Because there were no steam gauges or safety valves attached to the generating boilers in the fire department houses of this city, the Vilas-street station was wrecked by an explosion yesterday, by chance, missed the lives of the men in duty in all other well equipped fire departments at the Dayton, Dakota and Vilas-street houses; the fire engines are connected with a steam generator. By some oversight no generators or house boilers were fitted with safety valves or steam gauges. When the attendants inspected the boiler in the Vilas-street house everything seemed all right. The man on duty had scarcely reached his station when to his surprise came, although the steam gauge on the fire engine showed a moderate pressure. Great pillars of more than a ton in diameter were uprooted from their foundations and were torn from their fastenings and buried fifty or more feet, but fortunately, the men escaped with their lives, although they thought that a volcano had burst under their feet.

Yesterday E. G. Hough, the steam expert of Los Angeles, was called upon to investigate the explosion. He has informed the fire department that the accident occurred because the connections between the fire engine standing in its quarters and the generator were not properly made. This prevent the circulation of steam, which backed up the pressure, causing enormous pressure. Without the relief of a safety valve the natural result happened.

The Fire Department and the commissioners say that steps will be taken at once to equip the stationary generators with safety valves and steam gauges so that such accidents will be impossible in future.

BASKETBALL CONTEST.

Rivalry between Throop and Pasadena High School was to come to a focus when the basketball teams met here Saturday on the Franklin kindergarten courts. Miss Mary Plummer has trained Throop, and Miss Darling has the High School girls. There has been much interest in this game as Throop is showing in both form and spirit in recent years, and the expectation is that they will give their old-time adversaries the game of their lives. The lineup is as follows:

GLENDALE.

Glendale, Jan. 9.—Clayton Schell broke his leg last night while trying to make first base in a ball game after school hours, on the corner of Third and Cedar streets. The fracture is in the middle of the bone and a bad one. The boy is about 14 years old. Dr. A. L. Bryant attended him.

The Salt Lake Railroad Company is having its track lowered to grade on Glendale avenue between Fourth and Sixth streets.

The collections for Glendale city taxes were \$300,67, out of a total of \$300,51, leaving a delinquency of \$1,16. Some bonds became delinquent on the last day of the year.

The report of Joseph P. Shropshire, Building Inspector, covering the time from March 21 to January 1, totaling

\$12,450.

The receipts of the Glendale post office for 1916 totaled \$260, showing a marked increase over sales of the year previous.

Mr. and Mrs. C. E. Barnard and daughter, relatives of Mrs. R. D. Gosse, and Dr. A. S. Bryant, will arrive in Glendale for the winter on Friday evening, having come over the Santa Fe line. They will but visit here.

The drawing-room was handsomely decorated with orchids and delicate ferns, and the dining-room showed a similar ornamentation. The table was charming with its center motif of purple and white orchids and ferns.

Each plate a corsage bouquet of lilies of the valley and orchids was laid.

The place cards were ornamented with the hostess' monogram in gold leaf, after the manner of bridge,

employed in the drawing-room, where tables were arranged for Misses Harrison L. Drummond, Robert Piteira, Arthur A. Libby, John W. Hugus, John M. Hermon, Wm. W. Salter, F. S. Updegraff, Wm. C. Burne, Geo. Gerald Guyer, Allison and Drake.

PASADENA NEWS NOTES.

Crowds thronged the Shakespeare Club house last night at the first recital of Miss Alice Coleman since her return from Berlin, where she spent a year in the conservatory. The first number was "Waldstein" Sonata Op. 53, known as the "Waldstein" sonata, followed by the Gavotte with variations from Romeo and a pastoral and capriccio from Scarlatti. She rendered the nocturne in D flat by Chopin and the nocturne in G flat by Chopin and

Liszt's "La Campanella." Her brother was accorded. She was assisted by Mrs. Walter Raymond, who sang "Oh! Heart of Mine," and "When Cecilia Sings." Miss Madeline Barnes, a violinist, and Edmund Bachero, a piano player. Miss Barnes is a pupil of the famous Joachim of Berlin.

Society women and the clubs of the city are preparing to give a reception to Mrs. Charles Wilson at the Hotel Green on January 24. Details are not complete.

Precautionary Measures Taken at the Soldiers' Home in Case of Syphilis of Smallpox.

SOLDIERS' HOME. Jan. 9.—Symptoms of smallpox were detected upon James H. Hamner, a member of Home Co. G, who went to the hospital at "nick call" yesterday, complaining of grippe. After isolating the patient, together with immune attendants, the chamber of commerce of the town by the ocean adopts resolutions for boulevards from that place to Los Angeles and to Wilmington. Rife Range Report.

REDONDO CIVIC BODY PULLS TO THAT END.

Chamber of Commerce of the Town by the Ocean Adopts Resolutions for Boulevards from That Place to Los Angeles and to Wilmington. Rife Range Report.

REDONDO, Jan. 9.—The Redondo Chamber of Commerce passed a resolution last night recommending that the Board of Supervisors open a boulevard from Los Angeles to Redondo by way of Western Avenue, Hyde Park, Ingleside and Lawndale, the Redondo Villa tract. The resolution points out the fact that such a boulevard would avoid street car and suburban trolley roads, and cover the twenty miles of distance by the smallest possible grades between the two terminals. The proposed route would parallel the Santa Fé throughout almost the entire distance.

The chamber also passed a similar resolution, asking the opening and establishment of another boulevard between this city and Wilmington, by way of Helens street, and due east and west along the northern escarpment of the Palos Verdes Hills. In this case the route covers practically the shortest distance between the two points, and that at the smallest possible grade.

Nothing was done with reference to the proposed second boulevard around the shore line between Redondo and San Pedro, the impression seeming to be that the foregoing recommendation covered the two most important outlets for this city, and that it ought not to be weakened by asking for more at present.

These resolutions were passed in view of the possible issue of \$3,000,000 bonds for the improvement of the highways of Los Angeles county, and was the result of suggestions on the part of various members of the Highway Commission, who are engaged in making a study of the county's needs in this respect.

The chamber also passed resolutions of thanks to all those who gave assistance to the Whales Committee, and there was considerable enthusiasm manifested among those who were present because of the victory at the Pacific Tournament, Rose.

The Committee of Membership reported a considerable increase in number of members, and the Committee on Advertising asked for further time before making a final report on the subject of advertising and distributing a Redondo booklet.

The committee on the selection of a rifle range for the use of the United States Navy reported that it had two or three sites available, any one of which would be suitable for the purpose, and the committee was awaiting an opportunity to secure the expert opinion of Capt. A. A. Fries as to which of these sites was best suited and most available before recommending that it be turned over to the Navy Department.

A number of letters were read relative to the visit of Admiral Evans's fleet next spring. Both Senators Flint and Perkins expressed a desire to do what could be done to bring about a part of the visit to Redondo. The former stated that Admiral Evans had told him that he would not decide as to the ports of Southern California to be visited until after his arrival at Manila Bay, but he would take the decision whether he would go to Long Beach or Redondo or Santa Monica.
